PROFESSIONAL SUMMARY

Facilities and MEP professional with 15+ years of experience across electrical maintenance, facility operations, commercial mall development, and retail tenant fit-outs. Experienced in reviewing MEP designs, specifications and shop drawings; following up execution; coordinating with tenants, contractors and consultants; and supporting inspections, testing, snagging and handover. Targeting Retail Design & Delivery (RDD) / MEP leadership opportunities.

CORE COMPETENCIES

- Retail Design & Delivery (RDD) support and tenant fit-out coordination
- MEP design and shop-drawing review; technical comments and compliance follow-up
- Consultant-side site oversight, execution monitoring, inspections and snagging
- Testing, commissioning, documentation and handover coordination
- Electrical systems, HVAC, firefighting, fire alarm, plumbing, drainage and pumps
- Facilities operations, preventive/corrective maintenance and service contracts
- Budgeting, utilities, contractor/tenant/consultant coordination
- Civil Defense / fire-life-safety coordination, HSE and work permits
- AutoCAD, Microsoft Excel, Word and PowerPoint

PROFESSIONAL EXPERIENCE

MEGA PLAN | Oct 2024 – Present

Facilities / MEP Department Manager – Consultant-side Technical Oversight

- Provide consultant-side technical oversight for MEP execution and retail tenant fit-out works.
- Review tenant MEP drawings, shop drawings, design details and technical submissions; coordinate comments and follow-up.
- Monitor site execution, inspections, testing, snagging and handover readiness, coordinating with tenants, contractors and relevant stakeholders.
- Coordinate Civil Defense and fire/life-safety requirements as applicable to project works.
- 60 Feddan Club Mall: Manage MEP technical reviews, base-building interfaces, tenant submittal audits (power, HVAC, plumbing) to protect central plant capacity, and Civil Defense fire/life-safety inspections.
- Support tenant fit-outs across East Plaza Mall, Kayan Plaza Mall, and Souq El Madina Mall (approximately 11 tenant fit-outs collectively).
- Review drawings for 20+ tenants collectively across Mall Arena (Sarai Compound), Mall Taj (Taj City Compound) and Mall Kinda, and follow up MEP execution.
- Review drawings for 10 tenants and follow up MEP execution at Sky Walk, 6th of October City.
- Supervised works involving 35+ tenants at Muse Mall, near Al Naib Al Aam Bridge.

AL-AMAL FOR DEVELOPMENT AND TRADE | Jan 2017 – Sep 2024

Facilities Manager / Head of Facilities Department

- Managed facilities operations and maintenance for Cross 10 Mall (approximately 22,000 m²).
- Led a facilities team of approximately 25 staff and coordinated day-to-day service delivery.
- Coordinated tenant fit-outs, maintenance activities, shop drawings, material approvals, testing, snagging and handover.
- Managed maintenance budgets, service contracts, utilities, suppliers and contractor performance.
- Oversaw a maintenance contract valued at approximately EGP 150,000 and supported inventory/process improvements.
- Coordinated works and tenant requirements across mall operations while maintaining safety and service continuity.

HYPER ONE TRADING COMPANY | Nov 2016 – Jan 2017

Facilities Management Supervisor

- Supervised day-to-day facilities activities and coordinated maintenance support and service requests.

ENGINEERING CONTRACTING OFFICE – RAMADAN & HUSSEIN ABU HAMID | Nov 2014 – Aug 2016
